**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is what creates sound and growing broadband communications network.

Sonic has provided not only great service but also has pushed the competition to install and provide improvements to the infrastructure.

Without Sonic, doubt our town would have such stable service with competitive speeds.

Without Sonic, AT&T/Xfinity would have left our family without the necessary speeds to run our security system at basic level prices.

Without Sonic, our small town would not have fiber Broadband is now critical to the service our library, police and governmental center.
